

EROAD EHUBO2

Ehubo2 builds upon EROAD's revolutionary Ehubo electronic distance recorder by introducing a driver-facing touchscreen display that enables a whole new suite of functions to assist drivers and managers.

One device, multiple driver-centric applications

EROAD's in-vehicle hardware makes operating a transport business easier and more profitable. Our technology will help you meet increasingly stringent compliance requirements and health and safety obligations.

Ehubo2 brings you paperless RUC, better safety outcomes and improved productivity on a single, secure device.

Our NZ Transport Agency-approved second-generation electronic distance recorder offers multiple applications on a single platform to help you protect your business and your drivers, and make their jobs easier and more efficient.

Applications include:

- Drive Buddy real-time feedback
- Driver Login
- Electronic RUC licence display
- Fuel fill information
- EROAD Messaging

KEY BENEFITS

Improve cash flow

Purchase RUC in legally minimum increments

Minimise risk

Reduce risk of accidental non-compliance and associated penalties or vehicle downtime

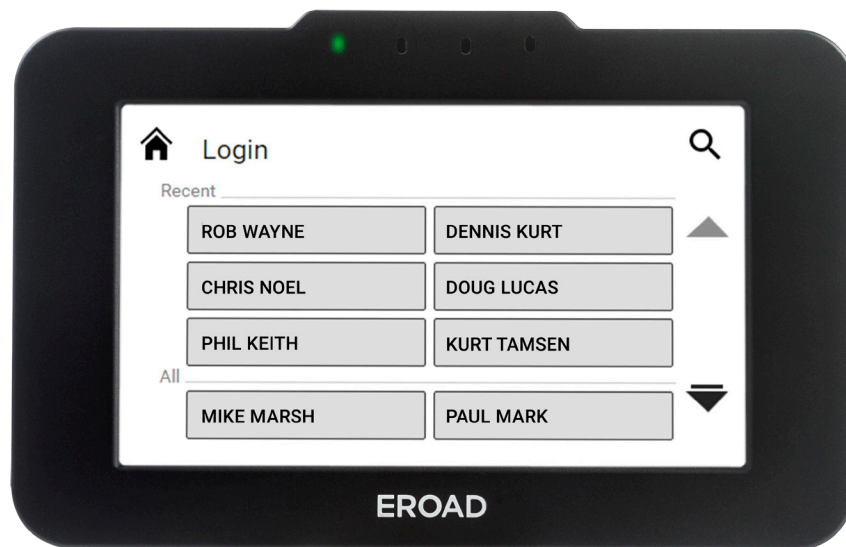

Reduce admin

Save time by eliminating need to check status and purchase licence before previous licence expires

KEY FEATURES

- › Drive Buddy provides real-time feedback to drivers
- › EROAD Messaging provides two-way messaging between Depot and drivers
- › Captures fuel fills on screen to track fuel efficiency
- › Idle detection
- › Designed to last the lifetime of vehicle and meets the highest automotive standards
- › Three digital inputs for reporting on auxiliary connection
- › Secure, tamper-proof electronic distance recorder that meets international independent security certifications
- › Simple and secure on-screen Driver Login system that requires no additional hardware or fobs
- › High-resolution vehicle tracking with multiple vehicle location speed snapshots per minute
- › Driver behaviour reporting including acceleration, braking, cornering and speeding alerts

One end-to-end solution

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your RUC compliance, health and safety, and fleet management, helping you efficiently utilise your capital and reduce the costs associated with fleet operations and management.

EROAD offers a complete suite of user-friendly compliance and telematics solutions, including driver safety tools and reports, vehicle maintenance, and fuel and fleet utilisation reporting. EROAD's independently proven, secure platform guarantees accurate data that you can rely on to provide insight and competitive advantage.
