

EROAD ACCURATE FLEET TRACKING

EROAD Accurate Fleet Tracking provides accurate data you can rely on to enhance visibility into your fleet. Vehicle information on digital maps allows you to optimise routes, manage jobs, and dispatch vehicles as and where you need them.

Optimise productivity, safety and profitability

Knowing the location of your vehicles at any given moment provides peace of mind and productivity improvements that help you keep your customers happy, and your business safe and profitable.

EROAD Accurate Fleet Tracking displays vehicle information on digital maps, giving you accurate data you can trust. The ability to see all your vehicles at a glance on the Activity screen in EROAD's web application, Depot, means you don't waste time trying to contact your drivers to identify their location, or manually investigating journeys.

Enhanced visibility simplifies dispatch and job management, improving communication between dispatch and drivers, and helping you meet agreed customer service levels.

KEY BENEFITS

Optimise visibility Accurate vehicle information provides operational transparency and enhanced control

Improve job management Your customers can be confident your jobs will be completed on schedule and you can verify time on site

Ensure safety Provide a safe working environment, with the ability to accurately track vehicles and drivers and be aware of potential hazards

Boost profitability Time is money. You won't waste time trying to track down your drivers, or manually managing vehicles and jobs

Status	Name	Last Location
🚗	358 - Noel	06:41 Vanguard St, Nelson Centr
🚗	942 - Chris	08:23 Coastlands Pde, Paraparau

🚗	887 - Wayne	10:03 Ridge Rd, Silverdale, Auckl

ACCURATE FLEET TRACKING_1.0

KEY FEATURES

- › EROAD Activity screen in our web application, Depot, displays up-to-date information on the location of your vehicles
- › See where your vehicle has been, including journey time, distance history and last location
- › Access from any mobile device, providing view of single vehicle or vehicle fleet on one map

"We have reduced vehicle down time with EROAD's GPS tracking. Many of the new subdivisions in Christchurch don't have street names, only lot numbers. When we need to send assistance to one of our guys, we quickly jump onto Depot and can see exactly where they are."

Mark Udy, Branch Manager
Christchurch Showerwell

One end-to-end solution

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your RUC compliance, health and safety, and fleet management, helping you efficiently utilise your capital and reduce the costs associated with fleet operations and management.

EROAD offers a complete suite of user-friendly compliance and telematics solutions, including driver safety tools and reports, vehicle maintenance, and fuel and fleet utilisation reporting. EROAD's independently proven, secure platform guarantees accurate data that you can rely on to provide insight and competitive advantage.
