

# EROAD SERVICE AND VEHICLE MAINTENANCE

EROAD Service and Vehicle Maintenance simplifies servicing with automated service scheduling based on time lapsed, distance travelled or engine hours.

### Maintain a healthy fleet

Accountability and transparency around your vehicle maintenance is an essential part of operating a successful operation. Vehicle defects can cause delay from breakdowns or be placed out of service from failing a roadside inspection.

Maintenance and repairs are also a significant component of your business expenses. Scheduling periodic and systematic vehicle inspections helps to keep on top of the health of your fleet and avoid unexpected repair bills.

EROAD's comprehensive Service and Vehicle Maintenance allows you to proactively manage the maintenance and repair of your vehicle fleet.

### KEY BENEFITS

**Reduce repair costs** Stay on top of vehicle maintenance with automated service scheduling, avoiding the need for unforeseen repairs

**Eliminate downtime** Keep your vehicles on the road by reducing the risk of breakdowns and associated drop in productivity

**Improve safety** A well-maintained fleet helps you meet health and safety compliance and minimise risk

The screenshot displays the EROAD software interface for managing vehicle services. It features a sidebar with navigation options (ACTIVITY, RUC, SERVICE) and a main content area with tabs for Scheduled, Completed, and Tasks. A 'Schedule New Service' button and 'Tools' icon are visible in the top right of the main area.

Scheduled service item	Next Due	Frequency	Supplier	Action
Replace cabin air filter [custom]	On Mar 1, 2017 Or At 40,000km	Every 2 years Or Every 20,000km		Complete [edit] [delete]
Replace fuel filter [custom]	On Mar 1, 2017 Or At 60,000km	Every 2 years Or Every 50,000km		Complete [edit] [delete]
10,000 km service [custom]	At 18,750km Or At 300 hrs	Every 10,000km Or Every 1,000 hrs		Complete [edit] [delete]
Tire Rotation [custom]	At 35,000km	Every 5,000km		Complete [edit] [delete]

The interface also shows a list of vehicles in the sidebar, including details like Name, Rego, Status, and Type. A footer indicates 'Page 1 of 2' and '55 Vehicles'.

## SERVICE AND VEHICLE MAINTENANCE\_1.0

### KEY FEATURES

- › Notifications for vehicle service alerts including COF, WOF and rego
- › Periodic and custom service scheduling by date and/or distance
- › Ability to record supplier, service details, costs, invoice number and details, and unforeseen service events such as emergency repair work
- › Service history reports by vehicle, date and/or category of service
- › Ability to provide service suppliers with web access to selected vehicles and fleets
- › Full service history archive functionality

The screenshot displays the EROAD Service Report interface. At the top, there are navigation tabs for ACTIVITY, RUC, SERVICE, DRIVER, and REPORTS. Below the tabs, there are filters for 'Type: All service types', 'Supplier: All suppliers', and 'Monthly' for 'October 2015'. The main table lists service events with columns for Ref., Name, Plate, Service Type, Date, Odometer (km), Chassis (km), Eng. Hours, Details, Supplier, Cost, and Notes. A zoomed-in view of the table shows the following data:

Ref.	Name	Plate	Service Type	Date
3526	Doug	3912C5	Tires	10/01/2015
3662	Rob	3912C5	Oil Change	10/08/2015
3688	Keith	RMOJQW	A Service	10/09/2015
3689	Keith	RMOJQW	A Service	10/09/2015
3690	Keith	RMOJQW	A Service	10/09/2015
3691	Keith	RMOJQW	A Service	10/09/2015
3692	Keith	RMOJQW	transmission	10/09/2015
3755	Rob	LTHSFU	Oil Change	10/14/2015
3756	Rob	LTHSFU	fixed	10/14/2015

"We've got two businesses and three workshops and we can see what's happening across all of them, on one screen, thanks to EROAD.

It makes servicing that many vehicles much simpler and using an automated system rather than manual we know we're on track, and there's no risk of human error."

**Paul McCurdy, Operations Manager**  
McCurdy Engineering

### One end-to-end solution

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your RUC compliance, health and safety, and fleet management, helping you efficiently utilise your capital and reduce the costs associated with fleet operations and management.

EROAD offers a complete suite of user-friendly compliance and telematics solutions, including driver safety tools and reports, vehicle maintenance, and fuel and fleet utilisation reporting. EROAD's independently proven, secure platform guarantees accurate data that you can rely on to provide insight and competitive advantage.
