

EROAD U BOOK-IT

U Book-It simplifies vehicle booking and helps you make significant savings on fleet costs by utilising pool vehicles, and using booking and utilisation data to right-size your fleet.

Right-size your vehicle fleet

Managing vehicle bookings to ensure that pool vehicles aren't sitting idle due to late cancellations or no shows is a time consuming, expensive process. U Book-It makes it easy by removing the manual setup required by other vehicle booking systems and providing real-time visibility of your pool vehicles.

U Book-It is a secure, easy to use booking system that can be accessed from any web-enabled device. It integrates with EROAD's Depot web application, providing real-time location of vehicles and current booking details. U Book-It automatically populates and updates the U Book-It fleet pool with vehicle details.

To further improve efficiency, you can book a seat as a passenger in a vehicle that's already travelling to where you want to go. Utilisation reporting allows you to improve vehicle utilisation, identify over capacity, and right size your fleet.

KEY BENEFITS

Improve accuracy Automatically populates and updates the U Book-It fleet pool, reducing the risk of errors and administrative time

Increase utilisation Reminders and booking confirmation emails reduce risk of abandoned bookings and underutilisation of pool vehicles

Drive down fleet costs Helps you right-size your fleet and make material cost savings through improved vehicle utilisation

The screenshot shows the U Book-It web application interface. At the top, there is a red header with the EROAD logo and the text "U Book it". Navigation links include "Calendar view", "Find a vehicle", and "My bookings". Below the header, the "Bookings" section is visible, featuring a calendar grid for November 18, 2015 (Wednesday) and November 19, 2015 (Thursday). The calendar shows various bookings for different vehicles, represented by colored bars. A detailed view for vehicle "CX-53" is overlaid on the right, showing booking details for 7/4/2016 at 11:00 AM and 3:30 PM, booked by Tamsen.Keith, with a destination of Auckland Waterfront Office, repeating on weekdays until 25/3/2017.

KEY FEATURES

- › Booking can be automatically cancelled if location data shows the vehicle has not been picked up or has been returned early
- › Reminders and booking confirmations emailed prior to a booking, reducing risk of no shows
- › Utilisation report identifies over capacity by displaying bookings against set targets, cancelled hours and overall usage
- › Booking report provides full booking details including cost centre, enabling charge back to business units
- › Cost centre is automatically populated against booker
- › 'Available hours' can be set for each vehicle
- › Use Find a Seat to book a seat in an existing vehicle booking

The screenshot displays the 'U Book it' web application. At the top, there is a navigation bar with 'Admin', 'Calendar view', 'Find a vehicle', 'Find a seat', and 'All bookings' buttons. The main content area is titled 'Find a seat' and includes a 'Location & Period' section with dropdowns for Home Base, Required Seats, Accessories, and Destination, along with pick-up and drop-off date and time fields. Below this is a 'Select Booking' table with columns for Name, Plate, Booking Start, Booking End, Seats Free, Destination, and Reason. The table lists two bookings: one for 'AUCKLAND AIRPORT' and another for '125 Hurstmere Takapuna'. A modal window titled 'Add Passengers' is overlaid on the bottom half of the screen, showing a 'Booker' field with 'Chris Kurt' and a 'Passengers' field with 'Mike Keith' and an 'Add' button.

Name	Plate	Booking Start	Booking End	Seats Free	Destination	Reason	Booker	Passengers	Accessories
Select	DED115	Jan 27, 2017 04:00 PM	Jan 27, 2017 06:00 PM	2	AUCKLAND AIRPORT	Drop off colleague for Conference	Chris	Mike Keith	None
Select	DHL391	Jan 27, 2017 04:00 PM	Jan 27, 2017 06:00 PM	4	125 Hurstmere Takapuna	Library programme review	Chris	None	

One end-to-end solution

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your RUC compliance, health and safety, and fleet management, helping you efficiently utilise your capital and reduce the costs associated with fleet operations and management.

EROAD offers a complete suite of user-friendly compliance and telematics solutions, including driver safety tools and reports, vehicle maintenance, and fuel and fleet utilisation reporting.
