EROAD OVER SPEED DASHBOARD

EROAD Over Speed Dashboard makes monitoring speed across your fleet easy, helping you improve safety, reduce costs, and minimise liability.

Accelerate safety

Speeding can affect the severity of a crash, your ORS (operator rating system) rating, profitability, and driver retention.

Greater transparency around driver speeds allows you to better manage risks and improve health and safety and performance across your fleet.

EROAD's Over Speed Dashboard provides a record of vehicle speeding events that exceed posted speed limits. The dashboard presents an overview of speeding behaviour across your fleet, including trends, and enables you to focus on individual speeding events and improve analysis. If you don't have time to log in each day to view reports, you can schedule key reports to be delivered to your fleet managers' inbox daily or weekly.

KEY BENEFITS

Monitor driving behaviour
A sophisticated and highly accurate view of your drivers' over speed activity lets you easily monitor and manage driving behaviour to modify and improve driving over time

Protect your business Maintain and improve your ORS rating

Reduce costs Reduce the cost of collisions and insurance claims

Support your drivers Help drivers self-manage with easy-to-read over speed charts available as they go on and off their shifts, on a tablet, laptop or pin-up printouts
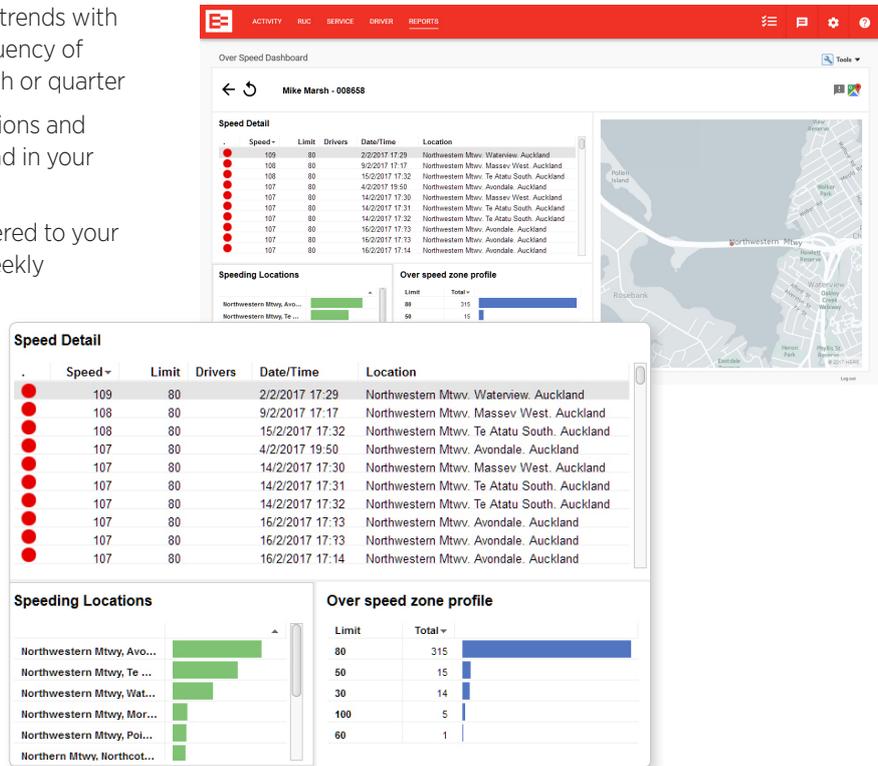

Save on fuel Reduce fuel consumption by speeding less – vehicles need more power and fuel to drive at higher speeds

KEY FEATURES

❯ Monitor organisational speeding trends with metrics that report how the frequency of speeding is trending over a month or quarter

❯ Identify highest over speed locations and share them in driver coaching, and in your safety and staff meetings

❯ Schedule key reports to be delivered to your fleet managers' inbox daily or weekly

❯ List of vehicles that have over speed events by day, month, year

❯ Colour bar charts that show frequency of speeding events by vehicle

❯ Details of speeding events including location, date, time and duration

❯ Export your reports to PDF and CSV formats

"EROAD's over speed report is invaluable to me as the Health and Safety Manager. It allows me to monitor our drivers' speed at all times."

Gordon Jolly, Health, Safety & Environmental Manager
MWN Civil Ltd

One end-to-end solution

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your RUC compliance, health and safety, and fleet management, helping you efficiently utilise your capital and reduce the costs associated with fleet operations and management.

EROAD offers a complete suite of user-friendly compliance and telematics solutions, including driver safety tools and reports, vehicle maintenance, and fuel and fleet utilisation reporting. EROAD's independently proven, secure platform guarantees accurate data that you can rely on to provide insight and competitive advantage.
