 **EROAD**

“We have 19 cranes ranging up to 400 tonnes. All our cranes are overweight and require additional RUC licences, so being able to buy them online saves a lot of mucking around.

RUC STAR: Pollock and Sons Crane Hire

“Our equipment is spread over our various branches and it’s really helpful for branch managers being able to log into Depot to see where their equipment is.

INDUSTRY: Cranes and Heavy Haulage

“It’s also handy when we hire out our cranes and can keep track of how long our customers are using them for.”
