

EROAD ★ RUC Star

Black & White

Thanks to EROAD we know where our truck is and what it's doing. It's the same with our wagons. If there's any dispute about a job, we've got proof of where they've been and how many loads they've done.

It's all there in black and white. No one can bullshit you because you've got it all there.

Luke and Tash Strickland
Strickland Contracting
